Years have passed and the hero became older and his physical strength is slowly disappearing. After this unhappy time, he suddenly wakes up in a hospital. A mysterious woman and a man give a speech about him, that he's cursed with a wish. He can find his parents, but only if he makes a deal with the most powerful wizard in the world to save his life. What's new:

By HARRISON, MD ~ What happens when two orphaned street urchins, both deprived of their parents, fall in love? For two ragtag kids raised on the mean streets of modern day Philadelphia, this special moment is a recipe for disaster. There's just one problem: Ethan Hartman, the handsome young ward of a brilliant British professor and his debonair poet wife, is destined for a distinguished academic career in politics and Ethan Grey, a young mail order bride just a hundred miles from home has married for love only to find herself trapped in a loveless marriage. As the couple struggles to re-establish their disparate lives, their passion, desire and sexual longings threaten to tear them apart but when they are prodded by an event beyond their control to put their lives back together they find themselves swept up in a tumultuous revolution that may change history forever. ~ As Ethan and Eddie lay in bed watching their breath form clouds in the air around their bodies, Ethan said, "There has to be another way, we can't fall back in love with just sex, that was four years ago, I can't use that here. "You wanna go and see Hannah right now, inside of her, I could feel that with you when you were kissing her last night." "No. I am not going to see her again, not now that what we have is over. That was an accident, I never meant for us to ever talk about her after that night." "Why not? I can tell you what she is like, she thinks of herself as a break-up girl, who was dumped and then she couldn't stop thinking about this guy, she didn't even know he was real at that point. She wants to talk about it with you to

take the weight off her shoulders.” “Why would you even think that?” Ethan shot back. “You don’t know what you are talking about, anyway. It was one of those pre-arranged things, it’s over.” “She sees this guy every time she talks about his name, he’
