2016 is the 10th year the Xbox Game Pass Online service is available in Japan. There have been a lot of milestones along the way but this is certainly the first full calendar year since launch. We just celebrated our first 10 years online, but we're excited to announce that Xbox Game Pass Online is expanding to all Xbox One and Xbox Play Station 4 consoles in April 2018 with our biggest update ever! We've got plans to bring you new, great titles for all ages, a new campaign, and more.

EXPANDING TO ALL XBOX ONE AND XBOX PLAY STATION 4 Xbox Game Pass Online will now be available to all Xbox One and Xbox Play Station 4 consoles in April 2018. If you are a recent or existing member of Xbox Game Pass, you can find our membership section here. NEW: Xbox Game Pass -April 2018 In April 2018, Xbox Game Pass will be adding new games to your Xbox account every month, including the first game in three years. In addition to the April 2018 lineup of new games, the main focus of Xbox Game Pass -April 2018 will be on classic franchises you know and love, adding games from Halo, Gears of War, Mass Effect, and more. In celebration of this expansion, we're offering two games from the franchise's history, Mass Effect and Mass Effect 2, as a special bonus. ABOUT ELDEN RING GAME Elden Ring is a fantasy action RPG that takes place in a huge and vast world. Your character Tarnished exists on a plain floating on thin air, far beyond the stone wall surrounding the lands of the three great kingdoms. Tarnished soon finds herself caught up in the chaos caused by the "crisis of the land." There is a reason why the Elden Ring, a relatively unknown kingdom, has always been the largest land in the Lands Between. You will become an Elden Lord, a hero who is charged with ensuring the safety of the land. For the first time in the history of the Elden Ring, there will be no blank slate. Your actions will affect the course of history, and your choices will be the foundation of your kingdom. As you ride the air and fight powerful monsters, you will get to know the Lands Between. The story unfolds as you travel in all directions from the Lands Between.

The lands are a vast and lovely place, full of

Battlechess.com (8/27/2017) (8.5/10) This game is a good new fantasy action RPG, and is totally free, so give it a try and see what you think. This game has amazing graphics and the story and the characters are fantastic. Gamezebo.com (10/12/2017) (4.9/5) Beautiful landscapes, vivid worlds full of mysteries and action, an engaging story with deep narratives. The environments, demons, customizations and fights are really solid. All of this is contained in a free game. It's not a real JRPG, but it is one of the best RPGs for Android. Android Headlines (10/12/2017) (7/10) One of the best Android games in 2017. There is a lot of role-playing games for Android but this one is unique. It is a great game and very addicting, no wonder it has over 4 million downloads! Android Headlines (10/12/2017) (4/10) An excellent tactical RPG that is easy to play, and yet highly involved. Fans of Fire Emblem and Final Fantasy Tactics will definitely find it appealing. GamezDing (10/12/2017) (8.1/10) A gorgeous retro fantasy RPG with an engaging story and a nice twist on the classic Action RPG formula. The puzzles and trial-and-error based exploration are a ton of fun. The combat system is a solid mix of tactical turn-based battles and hack-and-slash action. It's all executed very well. If you enjoyed Odin Sphere, you'll also like this game, which is one of the best RPGs you can find on Android. GamezDing (10/12/2017) (7.5/10) Beautiful and complex to look at, with great quality. Beautifully crafted. The interface is extremely intuitive and easy to use. Excellent response time. There are also paid versions available for Android, which are more enhanced versions of the game. I personally don't play them because I would prefer to play this version. The choices in life, and the pay-what-you-want version. Android.com (10/12/2017) (5/10) bff6bb2d33

In the three years since the Freedom From Religion Foundation and the American Civil Liberties Union of New Jersey filed suit against the Fort Dix Unified School District over its decision to insert religious messages in public school textbooks, the district has lost two principal players in its effort to divert public school students from the factual record on evolution. Last week, Judge John P. Morgan of the U.S. District Court of New Jersey, hearing a motion for summary judgment filed by FFRF and the ACLU, dismissed the case against the district, marking the latest chapter in the ongoing saga of the evolution-versus-creationism debate. The dismissal is a vindication of the district's decision to stand by its original textbook choices while the controversy unfolded. One of the district's major reasons for choosing the textbooks in question over alternatives is based on the findings of the U.

This tutorial is intended for intrepid video editors to show how to do effects on a cinematic timeline with a Crazy Editors free tool called "Canvas." This requires nothing more than a basic knowledge of using Adobe After Effects. Step 1: Adding your artistic elements to the timeline Open a new project and drag in any number of the artistic work you would like to use from your After Effects Library. By default the Canvas tool will be set to the default green line border which will be what we want. Any number of the work from

your projects timeline can be used for all of our examples. Step 2: Choosing the size and position of your composition Choose a position for your composition by holding down the shift key and clicking and dragging to a new spot. If you want to save the current position
