When the world's most famous and respected brass quintet (Mnozil Brass) asks its luthier to create a special instrument for a special occasion, it's no casual request. It's a magnum opus in the truest sense of the word. And that's why it ranks among a select group of nine unique instruments designed and built for the Istanbul Music Festival. Blue will be heard at the Istanbul Music Festival for the first time ever in Spring 2008. It's a concert de vous, a major experiment and an unparalleled opportunity for Mnozil to invite an orchestra with which to collaborate. (Sample track can be heard on SoundCloud).
