April 26, 2018 - Acclaimed director Sandy Bates enters the professional stage of transition, at the beginning of his career he shot mainly comedies, now he wants to shoot more ...

Sandy Bates , a well-known director, is about to retire from the film business as an independent director in order to "revitalize" the entertainment industry when he leaves Hollywood. "My work as a director is kind of a creative experience for me, but I want to focus on filmmaking right now to be an independent director," Bates said in an interview with the BBC. "I think it's time to take a few steps back," Bates said. "For years I have been thinking

December 21, 2020 " What happens if your

brain detects a memory that is not yours? In 2025, memory manipulation surgery became popular ... among teenagers. And now there are already devices that can make us see and remember what we want, how we want, and even what we do not want. As a result, we lose our ability to make rational decisions. In this regard, we are victims who cannot control what is actually going on in their brains. That's why it's so sad. However, in fact, we can control what happens in our minds. dd2bc28256
